

# Vilnius Challenge 2009

Press release

## Lithuanians rope-jumpers will jump off a 125 m. building

Rope jumping team from Lithuania, Arvydas and Evelina, will jump off a 125 meter Europa-Hanner building, aiming to set a record.

Vilnius residents are invited to observe this extreme performance – two rope jumps in Europa square. The jumps will take place on July 25th, 6p.m. and 7p.m. right after the 'Vilnius Challenge 2009' 100 team adventure race.

According to Evelina, the planned jumps are different from the popular bungee rope jumps, since they are performed with the regular ropes. The safety of jumpers will be ensured by special trajectory of the fall.

Photos and videos from earlier jumps, event details can be found on:
